

## Trellis Planter (HTP)

*List of parts and fixings*

---

- 1 x Trellis Section**
- 1 x Planter**
- 6 x 50mm Green Screws**

- Assembling the trellis planter, simply slot the trellis inside the planter and screw through pre-drilled holes into the back of the planter using 50mm screws provided.

**PLEASE NOTE:** To minimise twisting and warping all garden furniture products are recommended only be used on firm level ground. Softwood is a natural material, which can twist and split during periods of wet/dry, hot/cold weather. If cracks do appear, it is a natural occurrence and not a fault with the product or material. The best way to treat this is to use a cloth and rub a little PVA wood glue into the crack, once dry sand the area lightly. This will not affect the treatment of the product.
